### **Reasons for Allowance**

The following is an examiner's statement of reasons for allowance: it appears that Postalia (FR 2,388,352 A) selects the format of the mailpiece manually through the keyboard, rather than sensing the format of the mailpiece automatically through sensors and "calculating the weight of said mail item within a particular range of weights obtained from said format" as claimed (Incidentally, applicant's reference to *MPEP* § 706.02 in his remarks is noted; however, a full translation of the Postalia reference was not available to the examiner in time to be discussed in the previous office action, due in part to the fact that applicant failed to provide the Office with a translation.). The examiner agrees with the applicant's comment regarding the other references

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Replacement drawings were received on 5 April 2006. These drawings are accepted by the examiner.
